

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Contract Award for White Slough Water Pollution Control Facility Chain Link Fence (\$39,900)

MEETING DATE: February 7, 1996

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract (Bid Option 2 and Bid Alternates A and B) for the above project to Weaver's Woven Wire of Carmichael, California, in the amount of \$39,904.00 and appropriate funds in accordance with the recommendation shown below.

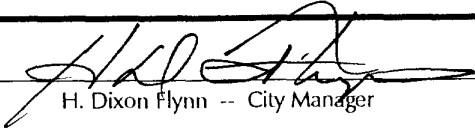

BACKGROUND INFORMATION: This project will provide a fence around the treatment plant facilities and ponds as a means of security for the City's operation. No security fencing currently exists around the treatment plant. The treatment plant administration building has experienced vandalism and burglaries in the past and this fence will completely enclose the City's operation. The fence will not enclose either the NCPA project or the County mosquito abatement ponds and it will not interfere with the farming of the City's leased lands.

The bid proposal for this project included two options. Bid Option 1 asked for prices to install a six-foot chain link fence with barbed wire. Bid Option 2 asked for prices to install an eight-foot chain link fence without any barbed wire. Both options also asked for alternate bids to remove the existing fence and to furnish and install a motorized roll gate. A copy of the bid tabulation sheet is attached showing both bid options and the alternate bids. Staff is recommending that Council award the contract for bid Option 2 (the eight-foot fence) and both alternate bids (the removal of the existing fence and the installation of the motorized gate).

Plans and specifications for this project were approved on December 6, 1995. The City received the following thirteen bids for this project:

**Incomplete bid submittal*

Because of the difference in price between Weaver's Woven Wire and the second low bidder, we contacted the owner, Mr. Weaver. He feels he has given the City a fair bid and is comfortable with his submittal. A background check was also done on Weaver's Woven Wire and staff is satisfied this contractor is capable of doing the work required to complete this project.

FUNDING: Requested Appropriation: Wastewater Capital Outlay Reserve Fund - \$50,000.00
Project Estimate: \$50,000.00
